

## *Buds!*

*We've been Buds for many a year  
Just like brothers - friends so dear  
Thirty plus years have come and gone  
It doesn't seem that it could be that long.  
Our lives are connected and intertwined  
like a curvy mountain road.  
It's in our blood, the Wind, the Sun, the Moon, The  
Open Road.  
We ride together - Oh the stories  
we've told -  
Now we've put our rides away  
We'll be on them soon again on  
a warm, sunny day.  
For now it's Christmas time you see,  
Please enjoy this gift of words from me.*
